

**LINTJER + HAYWOOD
ARCHITECTS P.C.**

2111 E. Virginia Avenue

Denver, Colorado 80209

William P. Haywood NCARB, Principal

Professional Profile: A founding Principal of Lintjer + Haywood Architects, Bill has been involved in the design and construction process since 1978, and in private practice since 1996. During that time, his **experience has included work as a Principal Architect, Owner's Facility Project Manager, and Project Architect/Manager. This experience** in all phases of project facilities development, on both the Owner's and Architect's areas of the process, **has given him a unique perspective which is empathetic to the needs of the Owner/ Facility Manager. His design process emphasizes complete integration of the Owner's requirements at all phases of the project.** With his in-depth knowledge, built upon years of extensive experience in remodeling and additions to existing facilities, Bill emphasizes direct, personal responsibility for overall project management, including quantifying project requirements, design, adherence to code, budget and schedule constraints, design/document quality maintenance, and oversight of construction.

Education: Bachelor of Architecture - Ball State University 1978
Bachelor of Science, Environmental Design - Ball State University 1977
Indiana State Scholarship 1973
Ball State University Scholarship 1974, 1975

Licensing/Affiliations: Registered Architect - State of Colorado
Registered Architect - State of Indiana
National Council of Architectural Registration Boards - Certificate Holder
Colorado Association of Healthcare Engineers & Directors – Member
